Dear Sir/Madam,

RE: APPLICATION FOR THE POSITION OF TUTORIAL ASSISTANT – COMPUTER SCIENCE

  My name is Timotheo Tito Kilale, and I am 23 years old. I am writing to apply for the position of Tutorial Assistant – Computer Science as advertised by Mkwawa University College of Education. I hold a Bachelor of Information Technology (BIT) from the National Institute of Technology (NIT), Dar es Salaam, with a final-year GPA of 4.7 out of 5.0.

  During my undergraduate studies, I gained solid experience in software engineering practices, network management, database administration, and programming. I am proficient in Java/Kotlin, Python, C++, and SQL, and have a strong foundation in discrete mathematics. My final-year project involved developing a fully functional mobile application for parental control. I am committed to participating in the college's pedagogical induction, understudying senior lecturers through lectures and seminars, and conducting tutorials and practical sessions as required. Additionally, I plan to pursue a Master's programme to advance my academic and research contributions within the department.

  Thank you for considering my application. Please feel free to contact me should you require any further information. I look forward to the opportunity to contribute to Mkwawa University College of Education.

Yours faithfully,
T. Kilale
Timotheo Tito Kilale
